Your presentation at EBACE 2009

Dear Mr. Caceres,

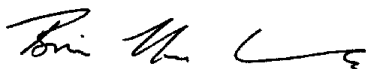

On behalf of the entire EBACE team, we would like to thank you for your part in making EBACE 2009 such a success, exceeding our expectations in these testing times. It is indeed thanks to the terrific support of such people as yourself that EBACE has so quickly become a key event in the European aerospace calendar.

We are very pleased to place the ninth edition of EBACE in the record-books as the third-largest EBACE ever, with 10,917 registered Attendees. A total of 411 Exhibitors, occupying approximately 1,900 booth spaces, were at Geneva PALEXPO, and a Static Display of Aircraft at nearby Geneva International Airport included 65 business aircraft, a record up from 60 the previous year.

The work that was put into the preparation of the informational sessions by all the speakers, working in close cooperation with the EBACE team, as well as the further improved location of the conference rooms, bore fruit as the number of Attendees this year increased significantly at all sessions to an all time high. Indeed, informing people on the current issues and challenges related to Business Aviation is a key part of the EBACE package, and the excellent programme this year would not have been possible without your very professional contribution.

It was a pleasure having you join us in Geneva at EBACE 2009 and thank you again for your excellent presentation about "EASA Ops & FCL Rules".

Yours sincerely,

**Brian Humphries**  
EBAA, President and CEO

**Ed Bolen**  
NBAA, President and CEO
